Laura – have you seen this? I wanted to let you know that we received this ask.

Kimberly – are you taking the lead on this?

Melanie

Importance: High

Tribal Program colleagues,

I hope all is well. This email follows a discussion held today on the regular Tribal Program Managers (TPM) meeting. On that call, AIEO Deputy Director Felicia Wright explained that OITA has been tasked to coordinate the creation of the 2020 Presidential Transition paper for the EPA Tribal Program. The paper will be similar in format to the 2016 document (attached), which was a concise listing of all hot topics in Indian country. Please review the 2016 document for examples of the possible scope of hot topics to be included and the amount of detail to be provided. We greatly appreciate your assistance in the creation of this updated paper!

Below is a hyperlink to a shared / live Word document where programs and regions may input any entries that you have. The link should work for all staff, please let me know if you have any access issues. Please provide your updates within this document no later than **COB Friday, October 2nd**. We request that you seek senior management approval for your submission, as appropriate for your office when submitting a document that will go to the Administrator's Office (as this will). Please feel free to reach out to OITA / AIEO if you have any questions with this request. In addition, each program and regional office has a Presidential Transition coordinator which can assist with any questions you may have regarding the transition process.

Thank you again for your attention to this matter.
